₹VSI की विभिन्नता

जब 1988 में हमने शुरुआत की तो हमारे पास साधनों के नाम पर सिर्फ तकनीकी कार्यकुशलता की योग्यता थी, किन्तु हमने अपनी आशाएं केवल एक संकल्प पर आधारित करी कि अपने देश में उच्चतम क्वालिटी के ऑटोपार्ट्स बनाये जिनकी तुलना उन्नत देशों के ऑटोपार्ट्स की क्वालिटी से की जा सके और उन्हें हम कम कीमत पर उपलब्ध करायें।

आज हमारा यही संकल्प ₹VSI और दूसरे ऑटोपार्ट्स की तुलना का एकमात्र विशेष कारण है। इस विशेष कारण ने हमें इतने कम समय में व्यापार के शिखर तक पहुंचाया, जो हमारे अनथक प्रयत्न और हमेशा नई तकनीक अपनाने की तत्परता का परिणाम है।

वाहन निर्माताओं से ₹VSI की लगातार बढ़ती मांग और क्वालिटी की प्रशंसा हमारे लिए गर्व की बात है। विदेशों में भी ₹VSI की मांग निरन्तर बढ़ती जा रही है।

क्वालिटी एकमात्र शब्द नहीं है परन्तु एक ग्राहक का पूरा विश्वास है। ₹VSI में न तो यह बात भूलें हैं और न ही कभी भूलेंगे क्योंकि हम जानते हैं कि हमारे कहने से ज्यादा जरूरी है हमारा कर दिखाना।

हम आपके विश्वास का आदर करते हैं, जो आपकी हर खरीददारी से बढ़ता है। आपका यही विश्वास हमारी ताकत है, जिसके कारण भारत में ₹VSI ने सबसे पहले कारबोरेटर सोलोनायड, रेडियटर फेन थर्मोस्टेट और पॉवर स्टेरिंग स्विच बनायें जो आयातित माल की तुलना में कसौटी पर खरे उतरे।

हम अपने महत्वपूर्ण ग्राहकों, मिस्त्रियों और डीलरों के सहयोग और सुझावों का धन्यवाद करते हैं जिनके बिना हमारा शिखर पर पहुँचना शायद सम्भव नहीं होता।

हमने गुणवत्ता के नये आयाम को छूते हुए TS-16949 प्रमाण पत्र हासिल किया है जो विदेशों में हमारे ऑटो पार्ट्स को एक विश्वसनीय उत्पादनों की विशिष्ट श्रेणी प्रदान करता है।

THE DIFFERENCE

When we started in 1988, our facilities were small and our resources were limited only to technical & professional competence. But we entrusted our hopes to one very big promise - ***To make indigenously premium quality auto parts comparable with the best in the international market and deliver them on time at most competitive prices.***

Today, that solemn promise has become the major difference between  and other auto parts, it is this difference that has resulted into our unprecedented growth—a direct result of continual dedicated efforts aimed solely at catering to the ever changing and highly demanding needs of automotive industry. We are proud of our association with O.E.M. customers and feel honoured, with their “Excellent” Rating on our performances. The demand of our products is growing rapidly in international market. Today we are O.E.M. to both International & Domestic vehicle Manufacturers.

Quality is not just a byword but the total faith which every patron solicits, we at  have never forgotten this simple fact and we never will, because we know that it is not what we say to you that is important, it is what we give you.

We value your confidence in us which grows with every product you buy. It is your this implicit patronage which is our basic strength and is instrumental in making us the **FIRST** manufacturer of Carburettor Solenoid Switches, Radiator Fan Thermostat Switches, Power Steering Switches, in India which were at par excellence in quality in lieu of the imported components.

We have now received coveted TS 16949 Certification apart from the earlier ISO 9001 : 2000 Certification — which has further strengthened our **Quality Management Systems** to be at par with the latest technology available anywhere in the **Global Automotive Industry**.

We greatly acknowledge and appreciate our valued dealers / customers, their total support, suggestions and Co-operation without which we would not have attained this phenomenal growth.
